Captain Y. Krantz,

Hollis, N. Y.

Dear Sir:

We received the other day from the Metropolitan Museum of Art a letter and some coins from Jose M. Gonzalez Contreras, but note your name on the envelope as apparently the sender of these coins to the Metropolitan. The Metropolitan Museum does not collect coins nor do we care for these.

Should these coins be returned to you or to Contreras? If to you, please state Mr. Contreras' address or in some way identify the contents of the package.

Very truly yours,

Curator
